FROM THE ~~OFFICE OF THE~~ SCHOOL OF MUSIC

To Miss Bariani

May 25, 1943

Dear Miss Bariani:

I am sending you a copy of my list of periodicals thinking it will help you and Mrs. Blair. It has an added column which lists the Month when number one of succeeding volume is usually received. I have found this column helpful in preparing periodicals to be sent to the bindery.

Your original list now contains so many of my penciled notes I am including a typed copy of same in the interest of clarity.

(If at any time I do not telephone that a volume is ready to be sent to the Main Library for binding, it will be because we are holding same for the receipt of a missing number.)
